

With all our products manufactured to the highest quality standards we are confident that you will enjoy many years of excellence. However, occasionally even the best products can sometimes go wrong.

We offer all our customers a 5 year guarantee against defects in our products from the date of purchase providing that:

- The product has only been subjected to normal “wear and tear”.
- The product has not been subjected to misuse or abuse.
- Electric items are covered for 1 year only*.

If your product fails within its guarantee period we will arrange for one of our representatives to either visit your office to resolve the error, by repairing or replacing any defective item, free of charge or arrange the pick up and re-delivery of the defective item.
