

COZONE

Collaborate with Cozone

Cozone was initially designed with the idea of needing a comfortable collaborative zone for casual meetings, informal presentations and break out areas.

Cozone provides a semi private space to work or collaborate and can be tailored to your exact requirements, leaving no limitation to the product, only your imagination. Cozone can be anything from single sofas or joined to create booths with varying levels of media and power. So whether you want a breakout space for staff, a collaborative booth for meetings or simply an area to communicate, Cozone has a solution.

Cozone Solo

OTOS

Cozone solo
